

Potential Service Disruption on the Amtrak® Pacific Surfliner® Beginning September 15

Portions of the Pacific Surfliner Route may experience service interruption starting on Thursday with an unknown end date

ORANGE, Calif., Sept. 14, 2022 -- Due to ongoing contract negotiations involving freight railroad worker unions, sections of the [Amtrak® Pacific Surfliner®](#) service may experience a disruption beginning 8:00 PM Pacific Time on Thursday, September 15 until an agreement is reached. The impacted sections of the route will be between Fullerton to Los Angeles and Moorpark to San Luis Obispo as these portions of the track are owned or managed by freight railroads.

"We are hopeful that a resolution will be reached prior to Thursday but as the parties have not yet reached an agreement, we are doing everything we can to notify our customers and provide alternate service options if the rail service is interrupted," said Jason Jewell, interim Managing Director of the LOSSAN Rail Corridor Agency. "We have closely coordinated with Amtrak and Metrolink to maximize service options for our customers including providing bus bridges where possible."

If an agreement is not reached by Thursday, Pacific Surfliner service will be adjusted as follows.

- On Thursday, September 15, 2022:
 - Trains 586, 794, and 595 will be canceled entirely
 - Train 591 and 594 will operate from San Diego (SAN) to Fullerton (FUL) by rail. A bus connection will be available from Fullerton (FUL) to Los Angeles (LAX)
 - Train 785 will be canceled from Los Angeles (LAX) to Goleta (GTA)
 - Train 777 will be canceled from Goleta (GTA) to San Luis Obispo (SLO)
- On Friday, September 16, 2022, and ongoing until negotiations are concluded:
 - Trains 562, 572, 586, 573, 583, and 595 will be canceled entirely.
 - Reduced service between San Diego (SAN) to Fullerton (FUL) with additional stops in Orange, Tustin, and Laguna Niguel.
 - All train services between Los Angeles (LAX) to Fullerton (FUL) will be canceled. There will be Thruway Bus connections in place between Los Angeles (LAX) and Fullerton (FUL) for passengers with a valid Amtrak or Metrolink ticket. Thruway buses will be available on a first-come-first-serve basis.
 - All train services between Moorpark (MPK) and San Luis Obispo (SLO) will be canceled.
 - Metrolink and limited Pacific Surfliner service will be available between Los Angeles (LAX) and Moorpark (MPK) and tickets for either service will be accepted on all trains.
 - Limited Thruway Bus service will be available from the Chatsworth Station to Oakland, stopping at Camarillo, Oxnard, Santa Barbara, Grover Beach, and San Luis Obispo.
- For the duration of the potential service disruption, Pacific Surfliner trains will also stop at Laguna Niguel, Tustin and Orange stations and accept all Metrolink ticket types between Oceanside and Fullerton.

Unreserved Coach Ticket holders impacted by the service disruption can use their existing ticket for travel on a different date up to one year later. Business Class Ticket holders can adjust their travel date or request a full refund by calling 800-USA-RAIL or visiting an [Amtrak](#) ticket window.

Once a settlement is reached, service will resume as quickly as possible.

As this is an evolving situation, some of the information above may change. Please visit <https://www.pacificsurfliner.com/plan-your-trip/alerts/travel-advisories/potential-service-disruption/> for the most current updates.

About the Amtrak® Pacific Surfliner®

The Pacific Surfliner travels along a 351-mile coastal rail route through San Diego, Orange, Los Angeles, Ventura, Santa Barbara and San Luis Obispo counties, serving 29 stations. It is the busiest state-supported intercity passenger rail route in the United States. To learn more and plan a trip, visit [pacificsurfliner.com](https://www.pacificsurfliner.com).

About the LOSSAN Rail Corridor Agency

The Los Angeles – San Diego – San Luis Obispo (LOSSAN) Rail Corridor Agency is a joint powers authority composed of rail owners, operators and planning agencies along the entire LOSSAN rail corridor. In addition to working to improve passenger rail ridership, revenue, on- time performance, operational flexibility, and safety, the LOSSAN Agency assumed management responsibility for the Pacific Surfliner service in July 2015, following the execution of an interagency transfer agreement with the state of California. For more information, visit [Lossan.org](https://lossan.org).
