ORANGE, Calif., June 23, 2021 / -- The [Amtrak® Pacific Surfliner®](#) will offer expanded service for trains that travel between San Diego, Orange County, Los Angeles, Ventura, Santa Barbara, and San Luis Obispo counties. Service modifications include the partial restoration of the schedule along busier portions of the corridor as well as measures to manage capacity.

Effective June 28, three roundtrips will be added to the Pacific Surfliner schedule, serving stations between San Diego and Los Angeles. These additional trips fill gaps in the current schedule to provide more options to travelers.

There will be periods this summer when reservations will be required to ride Pacific Surfliner trains, including holiday weekends and special event dates.

Passengers are encouraged to follow safety measures and any important public health orders in place during their trip and at their destination. Per federal law and Amtrak policy, face coverings must still be worn while onboard trains and in stations.
